Breast Reconstruction Edition

Topic Index

Breast Anatomy Graphics

Breast Anatomy - Female; 0201
Breast Anatomy - Male; 0206 **New**
Breast Anatomy - Male and Female Comparison;
0207 **New**
Breast Diagram; 0202
Female Breast and Breast Diagram; 0203

Surgery

Drain Bulb Record; 1105
Drains: Care and Instructions; 1106
Exercise and Care of the Surgical Arm (Female
Patient); 1131
Exercise and Care of the Surgical Arm (Male
Patient); 1136 **New**
Hematoma (Female Patient); 1107
Hematoma (Male Patient); 1141 **New**
Hemorrhage (Bleeding) After Breast Surgery; 1108
Informed Consent; 1110
Medications That Increase Bleeding; 1132
Seroma; 1121
Surgical Incision Care (Female Patient); 1124
Surgical Incision Care (Male Patient); 1150 **New**
Surgical Incision: Infection; 1125
Tissue Necrosis: Debridement; 1126

Reconstruction

Abdominal Autologous Reconstruction: Flap
Composition and Blood Supply; 1230
Autologous Reconstruction (Female Patient); 1201
Autologous Reconstruction (Male Patient); 1234 **New**
Breast Augmentation With Implants; 1231
Breast Implants (Female Patient); 1202
Breast Implants (Male Patient); 1235 **New**
Breast Implants: What Patients Need to Know; 1224
Breast Reconstruction Options (Female Patient);
1203
Breast Reconstruction Options (Male Patient); 1236
New
Breast Reconstruction Terms; 1233

Breast Reduction; 1232
Capsular Contracture From Breast Implants; 1224
DIEP (Deep Inferior Epigastric Perforator) Breast
Reconstruction (Female Patient); 1205
DIEP (Deep Inferior Epigastric Perforator) Breast
Reconstruction (Male Patient); 1237 **New**
Flap Necrosis After Breast Reconstruction; 1206
Flap Revisions After Breast Reconstruction; 1207
IGAP (Inferior Gluteal Artery Perforator) Breast
Reconstruction; 1210
Immediate or Delayed Reconstruction Decision;
1208
Implants With Acellular Dermal Matrix; 1209
Latissimus Dorsi (LD) Breast Reconstruction (Female
Patient); 1211
Latissimus Dorsi (LD) Breast Reconstruction (Male
Patient); 1238 **New**
Mammoplasty — Breast Reduction; 1212
Mastopexy — Breast-Lift Surgery; 1213
Nipple and Areola Reconstruction; 1214
Nipple and Areola Tattooing; 1215
Nipple-Sharing Reconstruction; 1247 **New**
PAP (Profunda Artery Perforator) Breast
Reconstruction; 1229
Reconstruction Flap Types (Female Patient); 1216
Reconstruction Flap Types (Male Patient); 1239 **New**
Reconstructive Surgery: Advantages and
Disadvantages (Female Patient); 1217
Reconstructive Surgery: Advantages and
Disadvantages (Male Patient); 1240 **New**
Reconstructive Surgery: Criteria and Risk Factors
(Female Patient); 1218
Reconstructive Surgery: Criteria and Risk Factors
(Male Patient); 1241 **New**
Reconstructive Surgery: Patient Instructions (Female
Patient); 1219
Reconstructive Surgery: Patient Instructions (Male
Patient); 1242 **New**
Recovery After Breast Reconstruction; 1220
SGAP (Superior Gluteal Artery Perforator) Breast
Reconstruction; 1221
TAP (Thoracodorsal Artery Perforator) Breast
Reconstruction (Female Patient); 1222

TAP (Thoracodorsal Artery Perforator) Breast Reconstruction (Male Patient); 1243 **New**

TRAM Free Flap Breast Reconstruction (Female Patient); 1226

TRAM Free Flap Breast Reconstruction (Male Patient); 1244 **New**

TRAM Muscle-Sparing Free Flap Breast Reconstruction (Female Patient); 1227

TRAM Muscle-Sparing Free Flap Breast Reconstruction (Male Patient); 1245 **New**

TRAM Pedicle Flap Breast Reconstruction (Female Patient); 1223

TRAM Pedicle Flap Breast Reconstruction (Male Patient); 1246 **New**

TUG (Transverse Upper Gracilis) Breast Reconstruction; 1228

What Every Patient Needs to Know About Breast Implants; 1225

Treatment Side Effects

Care of the Surgical Arm After Breast Surgery; 1417

Frozen Shoulder: Adhesive Capsulitis; 1435

Nausea and Vomiting Management; 1461

Nausea and Vomiting Tips; 1462

Pulmonary Embolus (PE); 1467

Septicemia: Sepsis; 1471
